Destituisce la dinastia etiope d'Egitto, conquistando prima Menfi e poi Tebe, ma la conquista resta effimera

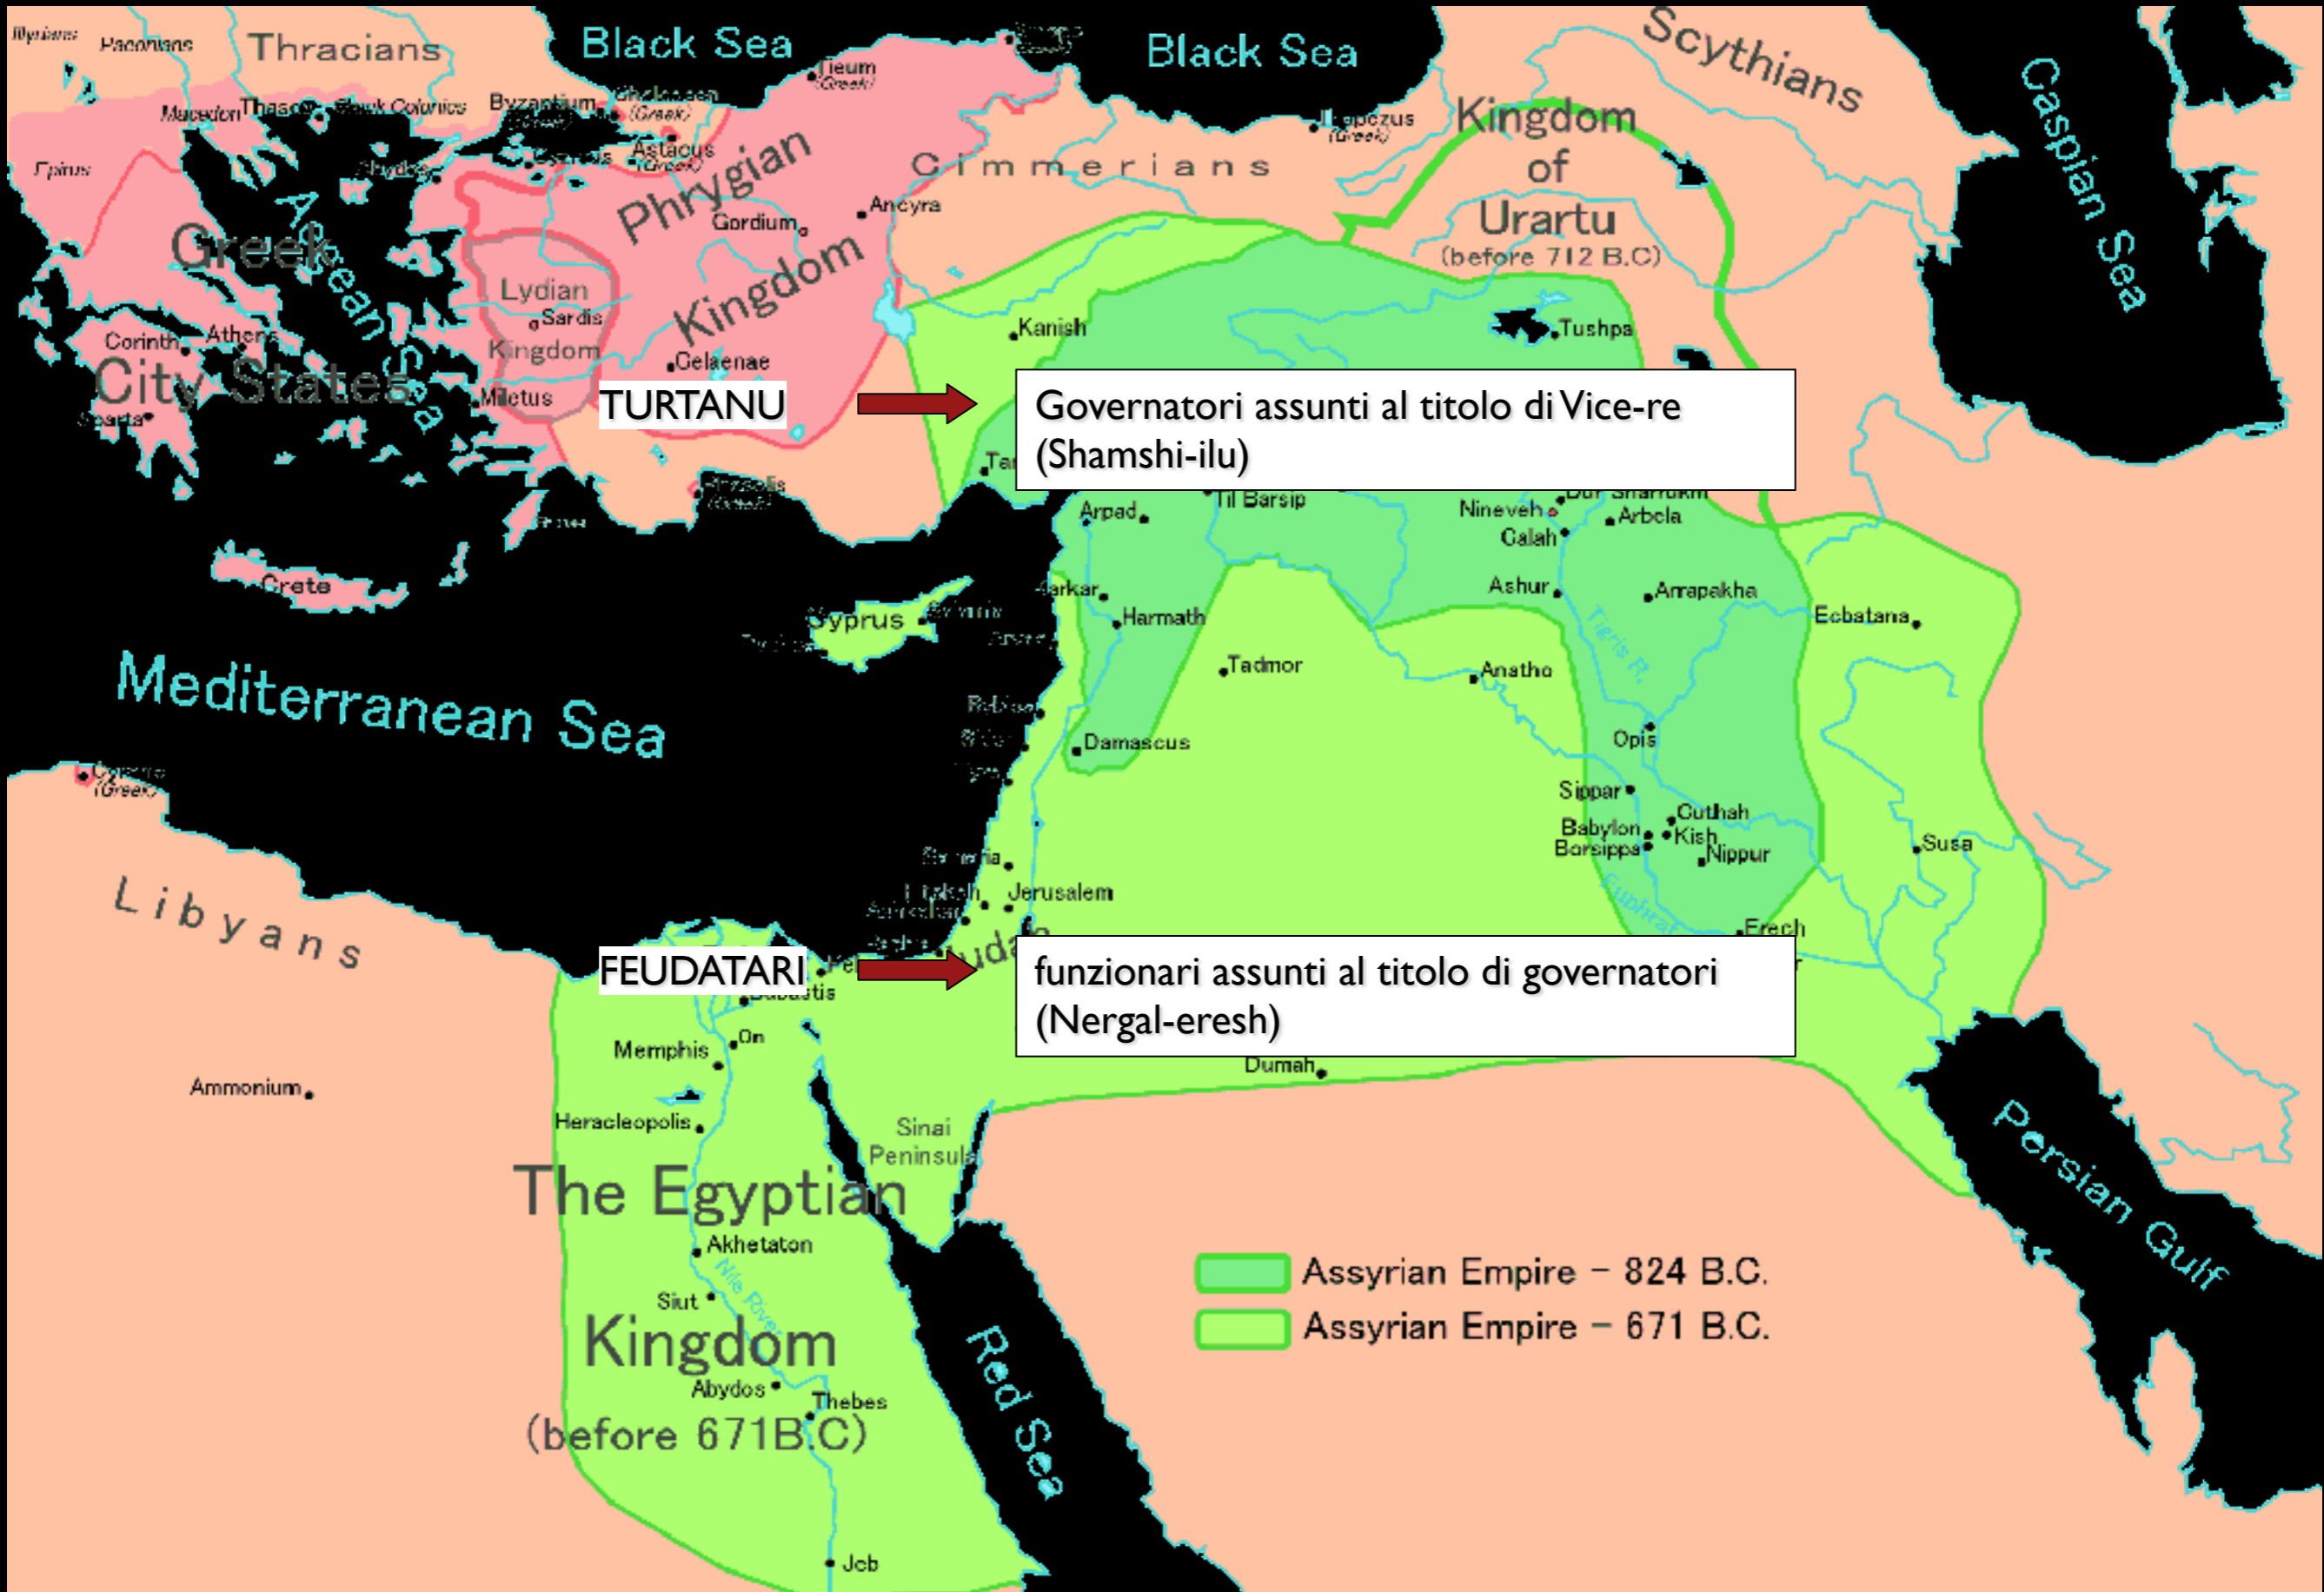

Guerra contro il fratello infedele Shamash-shum-ukin che si rende indipendente in Babilonia e si allea con gli elamiti e tutte

Il generale assiro Bel-ibni si fa artefice della risposta di Assurbanibal. Babilonia viene presa, Shamash-shum-ukin ucciso, l'Elam devastato e Susa distrutta

La scomparsa dell'Elam apre la porta ai medi e ai persiani di cui Assurbanibal riceve il tributo (Ciro di Parside)

Alla morte di Assurbanibal sopraggiungerà il collasso definitivo dell'Impero proprio al suo apogeo

TURTANU
